Notes:

1. On December 23, 2009, the court approved (Docket #6354) fees related to the second interim fee period in the amount of \$9,312,904.06 and expenses in the amount of \$149,258.09 for the same period, for total approved fees and expenses of \$9,462,162.15. Subsequent court filings reflect the same total fees and expenses approved, however the allocation between fees and expenses changed. The more recent filings accurately reflect the reductions for fees and expenses recommended by the fee committee and agreed to by Duff & Phelps. It is these numbers that are reflected in the table above.
2. The court has not yet approved Duff & Phelps' fees or expenses from the fifth or sixth interim fee periods.

II. FINAL APPLICATION

14. Duff & Phelps has prepared this Final Application in accordance with the Administrative Order Re: Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases dated November 25, 2009 (the “Amended SDNY Guidelines”), and the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 promulgated by the United States Department of Justice dated January 30, 1996 (the “UST Guidelines” and collectively with the Amended SDNY Guidelines, the “Guidelines”). Pursuant to the Amended SDNY Guidelines, a certification regarding compliance with such guidelines is attached hereto as Exhibit A.

15. Duff & Phelps has prepared its time and expense entries to comply with suggested guidelines proposed by the Fee Committee.⁶ Duff & Phelps is prepared to provide additional information to the Fee Committee with respect to any comments or questions the Fee Committee may have with respect to any disbursements or time entry descriptions for the period covered by this Final Application.

16. Duff & Phelps seeks final allowance herein of reasonable compensation for actual and necessary financial advisory services rendered to the Examiner during the Compensation Period, in the aggregate amount of \$42,340,074.88 and for reimbursement of actual, reasonable and necessary expenses incurred during the Compensation Period in connection with the rendition of such services in the aggregate amount of \$781,456.90.

⁶ On May 26, 2009, the Court entered an Order Appointing a Fee Committee and Approving a Fee Application Protocol (the “Fee Committee Order”) [Docket No. 3651]. On August 3, 2009, September 10, 2009, December 14, 2009, March 10, 2010, April 9, 2010, and August 20, 2010, the Fee Committee filed reports pertaining to the first, second, and third interim fee applications. [Docket Nos. 4655, 5104, 6165, 7498, 8209, 10947]. On January 24, 2011, the Court entered an Order Approving Fee Committee’s Recommendation of Appointment of Successor Independent Member [Docket No. 14117]. On April 14, 2011, the Court entered an Order Amending the Fee Protocol (the “Amended Fee Committee Order”) [Docket No. 15998].

17. In light of analysis provided by the Fee Committee on the sixth interim fee applications, as well as guidance provided by the Fee Committee in Memorandums dated February 28, 2011 and March 16, 2011, Duff & Phelps has voluntarily retroactively reduced its fees for the Application Period. In total, Duff & Phelps has voluntarily retroactively reduced the fees it is requesting by \$432,046.00. This consists of \$215,272.50 to reflect billing and timekeeping activities that were performed in the ordinary course of doing business, \$66,487.25 to reflect non-compensable administrative time, \$51,267.53 to reflect time entries for which we provided insufficient detail, \$76,935.00 to reflect time considered to be non-reimbursable overhead, and \$22,083.73 to reflect reductions for duplicate time entries or block billing. A summary of Duff & Phelps' voluntary fee reductions is below.

| Reason For Reduction | Second Interim Period | Third Interim Period | Fourth Interim Period | Fifth Interim Period | Sixth Interim Period | Total |
|---|-----------------------|----------------------|-----------------------|----------------------|----------------------|---------------------|
| Billing/Time Entry in the Ordinary Course | | \$117,686.00 | \$67,792.00 | \$29,162.25 | \$632.25 | \$215,272.50 |
| Non-Compensable Administrative Time | \$54,520.25 | \$2,953.00 | \$9,014.00 | | | \$66,487.25 |
| Insufficient Detail Provided | | \$953.00 | \$45,610.00 | \$4,704.53 | | \$51,267.53 |
| Non-Reimbursable Overhead | \$62,685.00 | \$7,252.00 | \$6,998.00 | | | \$76,935.00 |
| Duplicate Time Entry/Block Billing | \$1,656.00 | \$931.00 | \$18,988.00 | \$348.08 | \$160.65 | \$22,083.73 |
| Total | \$118,861.25 | \$129,775.00 | \$148,402.00 | \$34,214.85 | \$792.90 | \$432,046.00 |

18. The fees sought by this Final Application reflect an aggregate of 83,832.9 hours of professional time spent and recorded in performing services for the Examiner during the Compensation Period. This aggregate amount does not include time that might be construed as duplicative or otherwise not beneficial to the Examiner's Investigation. In addition, for the duration of the Application period, Duff & Phelps eliminated all time spent by administrative and research analyst staff, transitory professionals, and executive management of Duff & Phelps.

19. Of the aggregate time expended during the Compensation Period, 14,460.2 recorded hours were expended by managing directors, 2,208.2 recorded hours were expended by senior advisors, 9,869.8 recorded hours were expended by directors, 19,614.8 recorded hours

were expended by vice presidents, 22,063.3 recorded hours were expended by senior associates and 15,616.7 recorded hours were expended by analysts.⁷

20. The fees charged by Duff & Phelps in this matter reflect a voluntary, agreed upon 10% reduction from standard hourly rates because of the significant public interest associated with the Examiner's duties and responsibilities. The fees are otherwise billed in accordance with Duff & Phelps' procedures in effect during the Compensation Period.

21. During the Compensation Period, Duff & Phelps' hourly billing rates for professionals working on these matters ranged from \$305.00 to \$955.00 per hour⁸ before applying the agreed upon 10% rate reduction, or \$274.50 to \$859.50 per hour after applying the reduction. Allowance of compensation in the amount requested would result in a blended hourly billing rate of \$505.05.

22. Such rates are reasonable based on the customary compensation charged by comparably skilled professionals in comparable non-bankruptcy cases in a competitive national financial advisory services market.

23. Pursuant to the Guidelines, annexed hereto as Exhibit C is a schedule setting forth all Duff & Phelps professionals who have performed services for the Examiner during the Compensation Period for which Duff & Phelps is seeking reimbursement, the position in which each such professional is employed by Duff & Phelps, the hourly billing rate charged for services performed by such professional and the aggregate number of hours expended in this matter and fees billed therefore. Exhibit C reflects the total amount of fees requested and does

⁷ The details regarding hours and fees that are contained in paragraphs 18 – 19 of this fee application do not reflect the voluntary reductions detailed in paragraph 17 or in earlier portions of this fee application.

⁸ Duff & Phelps' standard hourly rates set forth in the letter of engagement range from \$120 to \$920 per hour. Consistent with the engagement letter and the retention application, as of April 1, 2009, Duff & Phelps' standard hourly rates were adjusted, resulting in a range of \$125 to \$955 per hour. Duff & Phelps did not raise its rates at any time after April 1, 2009.

not account for the significant additional voluntary reductions that Duff & Phelps has made to prior fee applications.

24. Pursuant to the UST Guidelines, annexed hereto as Exhibit B is a summary by project matter of the fees generated by the services performed during the Compensation Period, and, annexed hereto as Exhibit D for each separate project matter, a list of each professional providing services on the project matter, a statement of the number of hours spent and the amount of compensation requested for each professional on the project matter. Again, both Exhibit B and Exhibit D reflect the total amount of fees requested and neither accounts for the voluntary reductions that Duff & Phelps has made to prior fee applications.

25. Annexed hereto as Exhibit E is a schedule specifying the categories of expenses for which Duff & Phelps is seeking reimbursement and the total amount for each such expense category. Exhibit E reflects the total amount of expenses incurred in each expense category and does not account for the voluntary reductions that Duff & Phelps has made to prior fee applications.

26. Duff & Phelps maintains detailed records of the time spent by all professionals, and the expenses incurred by them, in connection with their responsibilities to the Examiner. The Court is respectfully referred to Duff & Phelps' prior fee applications for the detailed records of all work performed and all expenses incurred during the Compensation Period.

27. All of the services for which final compensation is sought were rendered to the Examiner solely in furtherance of his duties and functions as Examiner and not on behalf of any individual creditor or other person.

28. Except for subcontractors hired by Duff & Phelps upon and with approval by the Examiner, Duff & Phelps has not entered into any agreement, express or implied, with any other party for the purpose of fixing or sharing fees or other compensation to be paid for professional services rendered in these cases.

29. Duff & Phelps has not shared, nor agreed to share (a) any compensation it has received or may receive with another party or person, other than subcontractors hired by Duff & Phelps upon and with approval by the Examiner, or (b) any compensation another person or party has received or may receive. No promises have been received by Duff & Phelps as to compensation in connection with these cases other than in accordance with the provisions of the Bankruptcy Code.

58. Professionals tasked with systems analysis facilitated the retrieval of data from the thousands of systems at Lehman Brothers and Barclays. The initial step to execute on this matter was to conduct interviews of appropriate technical and business staff at Lehman/Alvarez and Barclays to identify systems that were either operational or non-operational and of potential interest to the Examiner. Additional Lehman systems became relevant to the Examiner throughout the period; as that occurred, D&P professionals performed the following tasks: (a) identified the availability of systems; (b) identified the location of the available systems; (c) determined the type of information available on each system; (d) identified systems that contained data needed by professionals in the execution of their work; (e) researched on and

testing of the systems to identify the most efficient and proper method in which to search and retrieve data and information; (f) assessed how to efficiently access the requisite data; and (g) performed data storage and retrieval for use by the Examiner and all of the appropriate Duff & Phelps and Jenner & Block professionals.

59. Professionals tasked with systems analysis identified relevant systems from thousands of systems and subsystems available, or previously available, to Lehman Brothers and Barclays. The process of identifying relevant systems and gaining access to those systems was a significantly more time consuming process than had originally anticipated. The specific factors that resulted in additional time were: (a) multitude of systems with connected data flows; (b) lack of access to business analysts (users of data within systems); and (c) access to systems analysts with knowledge only of the technical rules within the systems.

60. In many cases, a relevant system was available. Other systems were decommissioned and gaining access involved a time consuming process that involved meetings and approvals from the system owners and Counsel for Lehman and/or Barclays. Gaining access to decommissioned systems was often difficult because the systems needed restoration, which required additional technology resources over and above those that were generally available. After access was granted, Duff & Phelps professionals worked to understand the systems' capabilities, including the relationships between various layers of secondary systems that provided data to the subject system and the information contained thereon, and developed querying or other capabilities needed to access and obtain the data in a veracious and efficient manner. The sophistication of the system, as well as the degree of accessibility granted to the system, dictated the research and work needed to appropriately utilize the systems for the Investigation.

105. The foregoing professional services performed by Duff & Phelps were necessary and appropriate to the Examiner's administration of his duties in the above-referenced chapter 11 cases and were in the best interests of the Examiner, the Debtors' estates, and other parties in interest. Compensation for the foregoing services as requested is commensurate with the complexity, importance, and nature of the problems, issues, or tasks involved.

106. Duff & Phelps has taken significant efforts to ensure that the professional services were performed with diligence, in an efficient manner, and without duplication of effort. Accordingly, when possible, Duff & Phelps delegated tasks to lower cost professionals or, for discrete matters, to professionals with specialized expertise in the particular task at issue. While that approach may have required intra-office conferences or involved individual professionals who spent only a few hours on the matter at hand, the net result was enhanced cost efficiency.

107. In preparing this Final Application, Duff & Phelps calculated the amount of time spent by each professional in performing actual and necessary advisory services to the Examiner and Counsel to the Examiner in the conduct of the Investigation. That data came directly from computerized records that are kept specifically for this engagement. Individual time entries were maintained on written daily logs and were input directly into the billing system. All time entries and expenses were uploaded into the billing system, which then produced draft spreadsheets of time and expenses. Duff & Phelps professionals have reviewed and edited the draft spreadsheets for errors prior to their submission.

108. The rates used in this Final Application are the customary and usual rates which Duff & Phelps charges clients on matters of this type, subject to the 10% reduction in standard hourly rates to which Duff & Phelps has agreed because of the significant public interest associated with the Examiner's duties and responsibilities. In addition, the disbursements for which Duff & Phelps seeks reimbursement are the customary and usual expenses for which the Duff & Phelps seeks reimbursement from their clients. Duff & Phelps does not charge its clients for facsimiles, postage, duplicating and computerized research, domestic and long distance telephone (other than while traveling), and certain overtime expenses, and takes those expenses into account in its overhead. The hourly rates applied in this Final Application do not compensate the firm for such expenses.

109. Section 331 of the Bankruptcy Code provides for interim compensation of professionals and incorporates the substantive standards of section 330 to govern the Court's award of such compensation. 11 U.S.C. § 331. Section 330 provides that a court may award a professional employed under section 327 of the Bankruptcy Code "reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1). Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to an Examiner, trustee under Chapter 11, or professional person, the court should consider the nature, the extent, and the value of such services, taking into account all relevant factors, including

- (A) the time spent on such services;
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;

- (D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (E) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- (F) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3).

110. Duff & Phelps respectfully submits that the services for which it seeks compensation in this Final Application were, at the time rendered, believed to be necessary and beneficial to the Examiner and the Investigation. 111. The services rendered by Duff & Phelps were consistently performed in a timely manner commensurate with the complexity, importance and nature of the issues involved. During the course of the Examiner's investigation, Duff & Phelps took numerous steps to ensure the services were rendered in the most efficient, cost-effective manner. Such steps included (a) establishing several cross-functional teams, such as the project management, the data and document management and the valuation coordination ("VCT") teams to minimize overlap of activity among the functional teams; (b) focusing on the tasks deemed most beneficial to the investigation by taking top-down view of each of the major issues to readily identify areas that warranted greater scrutiny, and thereafter conferring with the Examiner and Counsel to the Examiner to again focus on only those tasks/deliverables they directed Duff & Phelps to continue

to focus upon; (c) establishing weekly team leader calls both internally and externally between Duff & Phelps' team leaders and the respective team leader(s) at Counsel for the Examiner; (d) leveraging off of work already performed by others, including Counsel to the Examiner, Alvarez, Barclays, Deloitte, Ernst & Young, Houlihan, Lokey, Howard & Zukin and Gifford Fong Associates; (e) primarily analyzing data and issues that have not yet been the focus of other investigations, the results of which we expect has and will continue to benefit other parties; (f) refraining in all but a select few instances from performing first level review of any document productions by coordinating efforts with Counsel for the Examiner who have, along with contract attorneys, performed most first level reviews, and instead, efforts have been focused on reviewing only those documents which have been flagged for review by Duff & Phelps; and (g) to the extent we performed first level review of a document production, junior analyst reviewers knowledgeable about the needs of each area of the investigation were assigned that couldn't readily identify relevant documents and communicate such findings with the appropriate teams.

112. Based upon the foregoing, it is respectfully submitted that approval of the final compensation sought herein for the Compensation Period is warranted.

113. To the extent applicable, Duff & Phelps further requests that the Court waive for cause shown any Guideline requirement not met by this Final Application.

114. No previous application for the relief sought herein has been made to this or any other court.

CONCLUSION

WHEREFORE Duff & Phelps respectfully requests: (i) allowance and payment of compensation for professional services rendered during the Compensation Period in the amount of \$42,340,074.88; and (ii) reimbursement for actual and necessary expenses Duff & Phelps incurred during the Compensation Period in the amount of \$781,456.90; and (iii) that the Court grant Duff & Phelps such other and further relief as is just.

**CERTIFICATION UNDER GUIDELINES FOR FEES AND

FINAL FEE APPLICATION OF DUFF & PHELPS, LLC
FOR ALLOWANCE OF COMPENSATION FOR SERVICES
RENDERED AND REIMBURSEMENT OF EXPENSES**

I, Allen M. Pfeiffer, hereby certify that:

1. I am a managing director of Duff & Phelps, LLC (“Duff & Phelps”), financial advisors to Anton R. Valukas, the Examiner (the “Examiner”) appointed for Lehman Brothers Holdings Inc. (“LBHI”) and its affiliated debtors (collectively, the “Debtors”) in the above-captioned bankruptcy cases.

2. I have been designated by Duff & Phelps with responsibility in this case for ensuring that the Final Application of Duff & Phelps for payment of compensation and reimbursement of expenses for the period commencing February 6, 2009 through July 12, 2010 (the “Compensation Period”) complies with the Administrative Order Re: Amended Guidelines

for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases dated November 25, 2009 (the “Amended SDNY Guidelines”), and the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 promulgated by the United States Department of Justice dated January 30, 1996 (the “UST Guidelines” and collectively with the Amended SDNY Guidelines, the “Guidelines”). In respect of Section B.1 of the Amended SDNY Guidelines, I certify that:

- a. I have read the Final Application;
- b. To the best of my knowledge, information, and belief formed after reasonable inquiry, the fees and disbursements sought in the Final Application fall within the Guidelines;
- c. The fees and disbursements sought are billed at rates in accordance with practices customarily employed by Duff & Phelps and generally accepted by Duff & Phelps’ clients; and
- d. In providing a reimbursable service, Duff & Phelps does not make a profit on that service, whether the service is performed by Duff & Phelps in-house or through a third party.

3. In respect of Section B.2 of the Amended Guidelines, I certify that Duff & Phelps advised the Examiner on a regular basis of the fees and expenses incurred by Duff & Phelps and has provided the Examiner with a statement of Duff & Phelps’ fees and disbursements prior to the filing of this Final Application. To the extent necessary, Duff & Phelps seeks a partial waiver of Section B.2 of the Amended SDNY Guidelines, to the extent that the Court’s Second Amended Order Pursuant to Sections 105(a) and 331 of the Bankruptcy Code and Bankruptcy Rule 2016(a) Establishing Procedures for Interim Monthly Compensation and Reimbursement of Expenses of Professionals [Docket No. 3102] modifies the Amended SDNY Guidelines requirement that “the trustee, and, in chapter 11 cases, the chair

of each official committee and the debtor have all been provided not later than 20 days after the end of each month with a statement of fees and disbursements accrued during such month.”

4. In respect of Section B.3 of the Local Guidelines, I certify that the Examiner has been provided with a copy of the Final Application; and, to the extent necessary, Duff & Phelps seeks a partial waiver of the requirement in Section B.3 of the Amended SDNY Guidelines that “the trustee, and, in a chapter 11 case, the chair of each official committee and the debtor have all been provided with a copy of the relevant fee application at least 10 days before the date set by the court or any applicable rules for filing fee applications.”
